Magento Connect Manager

A new page will appear on the screen. In this page, you need to log in again, using the same username and password of your Magento admin account.

Please re-enter your Magento Administration Credentials. Only administrators with full permissions will be able to log in. Username: Password: Log In
Please re-enter your Magento Adminstration Credentials. Only administrators with full permissions will be able to log in.
Username:

In the **Extensions** section, click the browse button to upload Wiserobot module packages which you have bought. After that, click the Upload button to have the module installed in Magento.

Extensions Settings		Return to Admin	Log
Settings			
Put store on the maintenance mode while installing/upgr	ading/backup creation		
Create Backup Database	٢		
Install New Extensions			
1 Search for modules via Magento Connect.			
2 Paste extension key to install:		Install	
Direct package file upload			
1 Download or build package file.			
Inload package file: Browse No file selected	Upload		

If after trying to view the module you only see a blank screen please log out and then back in to fix.
